February 8, 2010

## Celebrate Louis Riel Sunday with Us

### Admission to the Museum is FREE to the public on Sunday, February 14th

Celebrate Louis Riel Day with us a day early on **Sunday, February 14<sup>th</sup> from 11am until 5pm**, and receive admission to the Museum, Planetarium, and Science Gallery absolutely FREE!

Visitors will be able to check out *The Beatles! Backstage and Behind the Scenes*, a fine art photography exhibit that features 84 never-before-published photographs of the Fab Four during their first North American tour.

Both the Planetarium and the Museum galleries will be open to the public free of charge. Discover the truth behind UFOs, astrology, and the so-called moon landing "hoax" with our new Planetarium show *Fact or Fiction?*, board the Nonsuch, and explore our own tunnel of love (otherwise known as the bat cave).

"Manitoba Lotteries is proud to continue our support of The Manitoba Museum by sponsoring its Louis Riel Day celebrations," said MLC President & CEO Winston Hodgins. "We certainly welcome the opportunity to assist Manitobans of all ages to experience one of the province's greatest attractions free of charge, while enjoying the world-class collections and spectacular exhibitions."

Our Discovery Room is currently featuring an **Ancient Pottery** exhibit where you can learn what it's like to be an archaeologist in Manitoba. Explore our galleries to discover why our Curator of Palaeontology is in The Guinness Book of World Records, and why our Hudson's Bay Company Gallery is considered a national treasure.

The Manitoba Museum is located at 190 Rupert Avenue. Visitors can call (204) 956-2830 for more information.

The Manitoba Museum thanks the Manitoba Lotteries Corporation for sponsoring our Louis Riel Day celebrations.
